Easy and convenient to order duty and tax free products online

Copenhagen Airport is now making it easier and quicker for you to buy duty and tax free products before your journey begins. You can order perfume, cosmetics, beer, wine, spirits and tobacco up to 24 hours before departure and pick up the products at the Buy-Fly pick up point in the large Tax-Free shop on your way to the gate or during a stop-over at Copenhagen Airport.

Simply go to www.buy-fly.dk and place the products you want in a virtual shopping basket and pay by credit card or in cash at pick up.

If one of your friends or family members are flying, you can also e-mail your order to this person and thus be sure to get the right brands. You can get inspiration for a new perfume or a new whisky brand by checking our website top-ten list of the most popular brands within most product groups.

You can also register for our special shopping service at www.buy-fly.dk. You will then be notified of new initiatives at the Copenhagen Airport shopping centre. You can also revise your order online and check previous orders to find a product bought earlier in case you forget the name. Membership is free.
