PROPERTY DEVELOPMENT

In CPH we have more than 300,000 m² of unused land for property development.

Area for potential office building

Approx. 1,500 m², potentially for office building construction. The plot is located landside in the northern area next to Terminal 2.

Landside – Eastern Area

Approx. 250,000 m² landside greenfield for development of goods delivery facilities, warehousing, catering, logistics, car hiring, parking, air cargo and related administration facilities.

Airside – Eastern Area

Approx. 20,000 m² airside greenfield for development of goods delivery facilities, warehousing, catering, logistic, car hiring, parking, air cargo and related administration facilities.

Hangars

In the southern area of the airport it is possible to build or invest in new hangars.
